Description

Collector's Reap is an addon for Farmer's Delight with foods scavenged from the wild.

Pomegranates are found on bushes in the Nether in the Warped Forest biome. Grow them in the Nether or pollinate them with a Bee in the Overworld. Nylium or Rich Soul Soil could speed things up.

Pomegranate Foods

Lime Bushes are found in Flower Forests and must be pollinated by a Bee to grow fruit.

Lime Foods

Show spoiler

Portobellos are found in small patches in Meadows. To grow into a colony, plant it somewhere dark in Rich Soil.

Portobello Foods
